

# Beaded Curtain

#4

taught by Lynn Buske

2 day class - Friday, Saturday

Lynn has been quilting since 1996 and has had quilts hanging in juried and non-juried major shows and museums across the country, including the Anchorage Museum of History and Arts in Anchorage, Alaska, Houston IQA shows, AQS show in Paducah and the National Quilt Museum in Paducah.

New scrap quilt design, an old block design, put on point and using modern methods, make a stunning quilt easily. The curved blocks are fun to make, no piecing required. No raw edges, these machine appliquéd curves are top stitched to a background piece. A variety of backgrounds from light to medium values add another design element. Quilt shown is 76" x 67".

## Supply List:

5 different backgrounds, as pictured -

- (1) 1/2 yard of lightest color, center of quilt (9) 6 1/2" blocks
- (2) 2/3 yard light color, surrounds center, (16) 6 1/2" blocks
- (3) 1 yard medium light, next round, (20) 6 1/2" blocks
- (4) 1 yard light medium, last round (26) 6 1/2" blocks
- (5) 1 1/4 yds medium, setting triangles, corners and border
  - (5) 10" squares cut diagonally twice, setting triangles, need 18
  - (2) 10" squares cut diagonally once, corners, need 4 triangles
  - (6) 2 1/2" strips WOF for narrow border

Scrap blocks dark curved sections (71)

(36) 8" squares of various fabrics, darks, brights. These will be the curved pieces, you will get 4 from each 8" square

Interfacing: (36) 8" squares of fusible interfacing, the lightest you can find.  
Interfacing, not fusible web. If it is 18" wide you will need (4) yards. Most of this will not be left in the quilt, so quilt will not be stiff.

Border: scrap - (96) 2 1/2" x 9" bricks from dark fabrics

Binding - 2/3 yard cut into (8) strips 2 1/2" wide
