

## **Tree Bells 72" x 74"**

### **Sandra Jacobs**

Tree Bells is by Coach House Designs. It is a simple pieced and appliquéd quilt. This is a great quilt to use up a lot of small scraps. I have used 4 to 5 fabrics for the bells but it looks great with a variety of fabrics. I also used a border print but that is not necessary. It looks good with other fabrics. I have used this as my Christmas Tree for the last couple of years. I jazzed it up with a big red bow and some Christmas tree lights. It is very easy to put up and take down.
