**Bio**

“I never set out to be a quilter ... it just happened!” Sandra (Sandy) has been quilting for approximately twenty years and enjoys piecing and appliqué. She belongs to several guilds and has taught from beginning to more advanced quilting classes at both her local guilds and quilt shops. What she likes best about quilting is the friendships that she has made over the years.

**Class Description**

This is one of Judy Niemeyer’s newest patterns. It is, of course, foundation pieced and also includes curved piecing. After you get over the shock of looking at the pattern, the process is not so bad for the intermediate quilter. You will learn how to make perfect points using foundation piecing and also how to piece curves!

Pattern is required either from [Quiltworx.com](http://Quiltworx.com) or at your local quilt shop.
