Quilt designed by Crystal Drummond, DayBrook Designs LLC

Finished Quilt Size: 90-1/2" x 90-1/2"

Important Class Information

A large print, full color pattern is included in every quilt kit purchased from DayBrook Designs.
The pattern is available for purchase thru DayBrook Designs.

The DayBrook Designs pattern allows for a full quarter inch seam allowance on all units and trimming space for half-square and quarter-square triangles.

The project will be completed according to the designer's pattern rather than as published in the American Patchwork and Quilting, Winter 2024, issue. See above note for difference.

To ensure maximum accomplishment of your quilt top, cut all fabrics prior to class.
