

Contrary Quarters Mystery Quilt

CLASS LENGTH:

9 or 12 hours. This assumes I can distribute Clue 1 with the supply list and cutting directions prior to the class. Participants will cut most of their fabric prior to the class

SUPPLY LIST:

- * 29 fat quarters in the quilter's choice of palette, plus borders and backing.
- * One-half roll of 3" finished Triangles-on-a-Roll papers. I plan to provide these.

CLASS DESCRIPTION:

Contrary Quarters features a traditional block, a scrappy feel, and efficient cutting and piecing techniques. This is a class for any quilter who's at least a confident beginner. Experienced quilters will find the project fun and relaxing — and may learn a few new techniques!
